

OUR  
MOTORHOMES

**AVIDA**

*Discover your dreams*

Avida, a great Australian story, has been manufacturing RVs since 1965 in Western Sydney NSW. Avida remains the number one manufacturer of Motorhomes in Australia with over 50 years of experience building RV products like motorhomes, campervans and caravans. At a time when much of Australia's manufacturing is fast disappearing overseas to the detriment of local jobs, Avida remains in the original hands of the founder as a true Australian family company employing and supporting hundreds of Australians and their families at the 4 hectare (10 acre) site. You can be very confident you've made the right decision when you purchase an Avida.

Avida – Australian owned, Australian built.

WELCOME TO THE GREAT LIFESTYLE  
OF MOTORHOMING!

MOTORHOMES AVAILABLE:

- A, B & C TYPES
- LARGE SLIDE OUTS
- WHEELCHAIR FRIENDLY
- LUXURY
- MULTI TERRAIN

of caravans

**TODAY**  
Over 50 years strong

**Y**ou're about to follow your dreams of a lifetime discovering what this great country has to offer.

Motorhoming is a great lifestyle that appeals to numerous people worldwide. Australia is such a vast country and with so much to offer in regards to locations to visit; from the beautiful sapphire coastline to the arid red centre, it is truly a diverse landscape.

Not all motorhomes are created equal and not all are designed with Australia's harsh environment conditions in mind or the specific demands of self-contained living. The more research you do, the better equipped you will be to make the right purchase decision for you.

At Avida we understand that purchasing a motorhome is a significant investment and with our dedicated in-house research and development team using the latest technology and engineering available we will continue to build industry leading motorhomes to suit your needs.

To find out what makes Avida motorhomes different from other motorhomes, why not ask one of our factory trained and accredited Avida dealers.

Discover your dreams with an Avida motorhome and escape to wherever the open road takes you.

Happy Motorhoming!

## UNIQUE CONSTRUCTION

Avida has been investing millions of dollars in the most advanced technology since 1965 and today is at the cutting edge of design in Australia with the most technologically advanced manufacturing plant at the 10 acre site in Sydney. From the latest three dimensional CAD software, the computer numeric controlled (CNC) cutting equipment, through to the unique PUR hot melt adhesive lamination and cutting system, the technology Avida use is second to none.

All Avida motorhomes are built using this latest technology, like the unique and environmentally friendly lightweight insulated sandwich panel construction used to produce the strongest floor, walls and roof on the market. Avida also place adhesive coated metal plates in the insulated panels using laser guidance to ensure 100% accuracy during manufacturing.

The engineered Avida body is designed for the tough outdoor conditions with all stress loads shared from the unique construction process. This construction process demonstrates the extra effort made by Avida to build the strongest motorhomes on the market.

### FLOOR / WALL

### AVIDA'S UNIQUE SANDWICH PANEL CONSTRUCTION ADVANTAGES:

- 1 WALL Construction** – The lightweight sandwich panel Avida walls are fixed to the top of the floor as opposed to being screwed to the floor side, providing additional strength that are also dent resistant with an easy to clean external fibreglass surface.
- 2 One Piece ROOF Construction** – The lightweight single piece sandwich panel Avida roof is glued, screwed and fully waterproofed to ensure strength, longevity and sealing.
- 3 One Piece FLOOR Construction** – The lightweight sandwich panel floor design adds strength and prevents movement under foot with the underside of the floors completely covered in metal sheeting to ensure a long lasting easy to clean surface.

### ROOF / WALL

### DID YOU KNOW?

Avida is Australia's No.1 Motorhome manufacturer

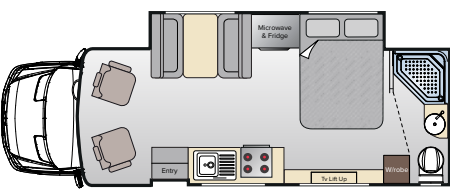

# **AVIDA TORQUAY**

The luxury Torquay motorhome is sleek in style and looks. At first sight it's easy to see the high quality of the Torquay from the stylish Mercedes-Benz sprinter chassis all the way to the aerodynamic fully moulded rear wall. The unique Avida sandwich panel construction floor, walls and roof provide all the comforts of a class leading motorhome from Australia's number 1 motorhome manufacturer. Once you step inside the Torquay you will be impressed by the abundance of luxury inclusions like the apartment style furniture, leather upholstery, electric pop up TV on a swivel bracket, wine rack and plenty of living space with a large full length slide-out. Torquay is a B-Type motorhome with plenty of storage, a fully equipped gourmet kitchen with extendable bench space, a full rear ensuite with shower and toilet, plus space for every situation with seating and berthing for 4. Why not "Discover your Dreams" and experience the luxury and comfort of the Avida Torquay motorhome.
