ABOUT AVIDA

Avida, a great Australian story, has been manufacturing RVs since 1965 in Western Sydney NSW. Avida remains the number one manufacturer of Motorhomes in Australia with over 50 years of experience building RV products like motorhomes, campervans and caravans. At a time when much of Australia's manufacturing is fast disappearing overseas to the detriment of local jobs, Avida remains in the original hands of the founder as a true Australian family company employing and supporting hundreds of Australians and their families at the 4 hectare (10 acre) site. You can be very confident you've made the right decision when you purchase an Avida.

Avida – Australian owned, Australian built.

DID YOU KNOW?

Avida Campervans can sleep
four people comfortably.

AVIDA **ESCAPE**

Roughing it isn't an option with the Avida Escape. The Escape has a large living area and a handy kitchen with refrigerator, 3 burner stove and sink. The bathroom is functional, including a toilet, vanity and roomy shower with hot and cold running water. And if you want to take a break from the heat, switch on the optional air conditioning or wind out the awning for a little shade to relax under. What more could you ask for?

The Avida Escape is one of the most unique campervans on the market being able to sleep four. At the touch of a button, the large electric bed drops down from the ceiling. You will be amazed how much storage the Avida Escape has allowing you to take all your sporting equipment for all your adventures.
