TJM 4X4 EQUIPPED

About us

Back in the 70's when 4WD's were few and far between, three adventure seeking mates got their 'off road thrill' with customised FJ40s, F100s & Rovers. Each fitted with custom made bull bars, roll bars and sand tyres – they drew the attention of friends and bystanders. Before long, Lloyd Taylor, Cliff Jones and Steve Mollenhauer were making hand-made custom bars for a growing number of fans. As the demand continued to grow, they decided it was time to get serious.

In 1973, with little more than their combined initials, shared passion and appreciation for quality products - TJM was founded and the rest is history. They were pioneers and TJM became the first company in Australia to manufacture and distribute quality 4WD equipment.

Our product range has extensively grown to include; steel and alloy bull bars, nudge bars, side and rear protection bars, side steps, trade racks, roof racks, TJM recovery equipment, TJM winches, TJM XGS suspension, Airtec snorkels, TJM Pro Lockers and TJM roof top tents & awnings.

While TJM has grown to be a sophisticated operation, we have never forgotten the key elements that resulted in the formation of the brand.

Trust; from the quality of manufacturing.

Pride; in our innovative designs.

Adventure; heading out from suburbia and experiencing the wonders of our unique and breathtaking country, Australia.

PERFORMANCE YOU CAN RELY ON

Strength is the foundation

Like your home, every TJM canopy is built on a strong foundation. The integrated base rails are fundamental to the design. Equally important are the composite materials and processes that are used to build each fibreglass canopy. This guarantees performance and longevity you can rely on.

What you really need to know

Weather-tight performance is so important, nothing is left to chance.

Windows are installed using a customised rubber seal with an encapsulated foam core.

The seal forms a water barrier between the window and the canopy shell, to keep your valuables dry.

Be smart, look smart

Accessories need to be complementary to the overall appearance of your vehicle. All TJM canopies are designed to match the vehicle lines and style for each and every application.

BUILT STRONG BUILT TO LAST

Developed to precisely fit the curves and shape of each vehicle. It's look is designed to blend with the strength and robustness that's legendary with every TJM Canopy.

MATCH YOUR LIFESTYLE WITH OUR WINDOWS

Tempered safety glass is used for all window options. Our range allows your canopy to match your lifestyle whether that be on site, on the farm or around town.

LOAD WITH CONFIDENCE

Adding roof racks to your Crown Canopy is easy, all our canopies are rated to carry up to 100kg in accordance with the Australasian standard AS 1235; 2000.

So it doesn't matter if it's a ladder, bike or kayak you can load your canopy with confidence.

We started it

Founded on mateship in 1973, TJM is the Aussie pioneer of 4WD equipment.

We're tried and proven

Australia's rugged, yet diverse landscape has provided the ideal testing ground. Whether your journey takes you on or off road, for work or play, TJM has the gear you can depend on.

We're tough, yet sophisticated

Using the latest engineering and manufacturing technology, our products are exposed to stringent testing and thorough quality assurance procedures to guarantee our customers receive nothing but the best.

Everybody wants a piece of us

Our research and development team brings leading-edge and performance-driven products. We're the experts not just on our home turf but also offshore, so it's not surprising TJM's Aussie innovations are exported around the globe.
