DAF
GENUINE PARTS

Every DAF truck that rolls off the production line has already travelled a long road through development and testing. This ensures that all our trucks meet the highest standards in relation to safety, reliability, performance, operating costs and the environment.

We also place the same high demands on our DAF Genuine Parts. This makes it possible for you to obtain the maximum returns from your truck.

THE EATON DUAL MODE KIT IS A LOW COST, PLUG AND PLAY SYSTEM THAT SUITS ANY ENGINE. TALK TO YOUR PACCAR DEALER TODAY.

Looking to maximise fuel economy?

Running an Eaton Ultrashift Transmission?

Then consider the Australian Developed Eaton Dual Mode Kit.

Sensing airbag pressure it changes transmission shifting patterns based on a truck's loaded or unloaded state.

Skip shifting and maximising high gears keeps engines running in the optimised economy zone resulting in fuel savings (2-4%).

With Urge To Move UTM features also optional, slow, undulating and tight manoeuvring is further assisted with optimised clutch take up.

QUALITY MATTERS

DAF and Kenworth customers can count on PACCAR Parts to supply their local dealer with dependable original equipment (OE) parts for their trucks and rely on us to back these products with full warranty, product training and dealer support.

PACCAR Genuine parts are OE first fit parts installed at the factory on Kenworth and DAF trucks. Packaged in PACCAR Genuine boxes helps assure customers they are buying quality OE parts.

GENUINE PARTS

There is no substitute for the real thing. Genuine parts and accessories bearing the Kenworth Genuine Parts brand have been sourced and approved by PACCAR Parts.

They carry the Kenworth name and the iconic Kenworth Bug to show that these parts have been selected to compliment a Kenworth truck. Kenworth Genuine Parts will make your Kenworth a reflection of your passion for the brand and your desire to stand out from the rest.
