THE ALL NEW

TENERE 700

If the special offers on the current models aren't enough to get you on a Yamaha, check out the latest 2020 models. While these models do not attract savings or qualify for special finance deals, they are ready to rev your heart real soon...

Driven by a high-torque 689cc 2-cylinder engine equipped with a special optimised transmission that gives you the ideal balance of power and control, this rally-bred long distance adventure bike is built to master a wide range of typical Aussie riding conditions. The compact tubular chassis and slim bodywork offer maximum agility – and long travel suspension and spoked wheels give you the ability to get to anywhere you want. Just fill up and go. The Next Horizon is yours. Available from December 2019.

- Slim, long-range fuel tank, with 16-litre capacity
- Compact, rally-style, multi-function instruments
- Rally-style cockpit, with tapered handlebars
- 21-inch/18-inch spoke wheels, with adventure tyres
- Adjustable, long-travel, 43mm upside-down forks
- Remotely adjustable rear suspension
- Switchable ABS braking
- Aggressive, rally-bred face, with 4-LED headlights
- New lightweight, double-cradle, tubular-steel frame

2020

THE ALL NEW

WR250F

This new generation off-road competition machine gives you motocross performance with enduro versatility. Its new high-performance engine is developed straight from Yamaha's ultra-competitive YZ250F unit, and has been refined to give you greater levels of low to mid-range torque with a harder-hitting top end. Available soon!

- New smartphone engine tuning
- New sharper-handling aluminium frame
- Larger 7.9-litre fuel tank
- Bigger skid plate
- Slimline new-look bodywork
- Industry-leading suspension
- Lighter and tougher clutch
- 2-mode engine map switch
- Mass-centralised starter motor
- Wide-ratio 6-speed transmission

2020

THE ALL NEW

YZ125X

The new YZ125X racer is the perfect entry point to the world of enduro. A lightweight two-stroke that will kickstart your off-road journey and set you on a path to racing success. Its 125cc, liquid-cooled, two-stroke, reed-valve-induced engine sports Yamaha's Power Valve System (YPVS), combined with a six-speed transmission tuned for smooth and controllable power character across the entire rev range. Optimised for the unique demands of racing in the bush, the Aussie version will be fitted with off-road kit as standard.

- Two-stroke YPVS power tuned for off-road
- YZ based aluminium controlled fill chassis for pin sharp handling
- Plush industry leading KYB suspension with speed sensitive damping
- Enduro specific features such as 18in rear wheel, larger rear sprocket, sidestand, reserve fuel tap, enduro tyres

2020

THE ALL NEW

YZF-R1/M

Equipped with an aggressive new M1-derived cowl, the more aerodynamic bodywork delivers ultimate performance. Next generation LED headlights and restyled LED position lights reinforce this bike's intimidating presence – and with the new Brake Control (BC) and Engine Brake Management (EBM) systems, you're in full control. Each of the seven adjustable electronic rider aids can be fine-tuned in seconds via the YRC system. And with updated suspension, a highly refined EU5 engine and premium RS11 tyres, the YZF-R1 has just raised the bar to a new level.

- Premium finish with outstanding build quality
- 320mm front discs, new high friction pads
- Latest Bridgestone Battlax RS11 tyres
- Improved front and rear suspension performance
- New 2-mode Brake Control (BC) cornering ABS
- Next generation LED headlights and position lights
