## ISUZU SERVICE AGREEMENTS

# Zero-stress servicing. Brought to you by Isuzu.

Few things cause as much pain to a business as a big, unexpected bill. And while Isuzu can't help with all of your outgoings, their service agreements will flatten your truck servicing costs into a single, predictable, monthly payment. And that's just for starters.

You'll also be part of one of Australia's biggest dealer networks, meaning you can book a service at any location. (And no matter where you are, you will have instant access to your truck's comprehensive service histories.) Your truck will then be serviced by highly qualified Isuzu technicians using the latest diagnostic software to make sure it's in optimal operating condition.

Looking after your truck pays bigger dividends than just better performance too. Proper maintenance lowers the total cost of ownership, reduces downtime, and helps ensure you're Chain of Responsibility compliant. And when the time comes to upgrade, a comprehensive service history means you'll get top dollar. So speak to your local dealer about our range of service agreements.
