HEAVY DUTY KENWORTH GENUINE BULLBAR

Designed to fit all K200 and T909 models, this Bullbar is designed to be tough! 100% Australian engineered and manufactured to original equipment standards, the heavy duty construction features large heavy duty uprights, 100mm diameter tubing and strong steel mounts.

It also features spring assist for easy lifting. Unique to the Kenworth Genuine Bullbar, enamel Kenworth bugs are recessed into the side of the Bullbar. This is a great way to showcase your pride in your rig.

Backed by a 12 month warranty, a Kenworth Genuine Bullbar will protect your truck and keep you on the road.

MESSAGE TO OUR CUSTOMERS

FROM OUR GENERAL MANAGER

A new year and a new focus. With 2020 behind us, 2021 will be one of celebration for PACCAR Australia, specifically for Kenworth Trucks who celebrates 50 years of Australian design, engineering and manufacturing. A golden anniversary!

Almost 70,000 Kenworth trucks have rolled out the doors of our Bayswater factory and I am personally very proud to have helped in many ways to see more than 50,000 of these awesome trucks get built over my 23 year career with the company.

I am also very proud in the fact that more than 80% of those Kenworth trucks are still road registered and working to keep this great country moving. A testament to Kenworth's undisputed reputation for reliability, durability and simplicity.

At PACCAR Parts, every day our Customer Service Technical team field calls from dealerships across the country who are looking to assist passionate Kenworth customers to re-build or restore Aussie built Kenworth trucks. PACCAR Parts has the original build specs and part numbers for each and every Kenworth ever built!

Our team are as passionate about Kenworth as you are and love nothing more than loading up the old microfiche machine and delving into history!

Let the PACCAR dealer network help you restore your old Kenworth in 2021 in tribute to our 50th anniversary. Or alternatively, if you have never had the privilege of owning a Kenworth Truck make 2021 the year! With so many Government incentives in place right now, there has never been a better time to buy an Aussie designed, Aussie engineered & Aussie manufactured Kenworth Truck!

PACCAR Parts, our supplier partners and dealer network will always be here for you. After all, you are part of the family. The KENWORTH family. Australian Made, World's Best!

Radiator Assembly

**Engine fan working overtime?
Coolant residue visible where it shouldn't be?**

Summer is here, don't be left with costly breakdown repairs, consider now if your radiator is due for replacement.

Choosing a genuine radiator assembly means you are getting the same quality components and workmanship as when your Kenworth first left the factory. Beyond just a core replacement, a radiator assembly allows for faster removal and replacement, reducing labour costs and improving vehicle uptime.

With standardised pricing across many of our radiator assemblies, coupled with improved uptime for your truck or fleet, it certainly is a compelling reason to talk to your PACCAR Dealer about opting for a Radiator Assembly over a basic core replacement.

Available for Kenworth models:
T359/T409/T609/T659/T909/T950/K200
