GENUINE PARTS

There is no substitute for the real thing. Genuine parts and accessories bearing the Kenworth Genuine Parts brand have been sourced and approved by PACCAR Parts.

They carry the Kenworth name and the iconic Kenworth Bug to show that these parts have been selected to compliment a Kenworth truck. Kenworth Genuine Parts will make your Kenworth a reflection of your passion for the brand and your desire to stand out from the rest.

EA40323 **\$2,190**

Dual Mode + UTM 4 Airbag

THE EATON DUAL MODE KIT IS A LOW COST, PLUG AND PLAY SYSTEM THAT SUITS ANY ENGINE. TALK TO YOUR PACCAR DEALER TODAY.

The Eaton Dual Mode kit is an Australian developed retro fit kit for any engine with an Ultra Shift PLUS transmission. It delivers value to the customer through improved fuel economy and drivability, without compromising performance when needed.

In addition to the dual mode kit is the Urge To Move (UTM) option that allows for clutch slip once the driver takes their foot off the brake and allows the vehicle to auto launch, can be best for manoeuvring in tight situations.

HOW DOES IT WORK?

By sensing the air bag pressure the ECU determines a loaded/unloaded state and changes the behaviour of the transmission accordingly. Performance mode for loaded and economy mode for unloaded.

FEATURES AND BENEFITS

FOR THE DRIVER

- Higher start gears to improve smooth take offs
- Smoother shifts through enhanced torque control

FOR THE OWNER

- Improved shifting within the engine fuel economy zone saving fuel (2%-4%)
- Increased skip shifting and longer time spent in gears meaning less wear on components
