INSIDE

OPENING WORDS

FROM OUR GENERAL MANAGER

Are you trying to tell me that it is Spring already? It is Fair Dinkum unbelievable how fast the months go by! It no doubt feels that way for most of us because the whole transport, freight and logistics industries globally are just booming this year.

The Government's Covid support response across Australia has certainly played a major role to this strong demand for new and used trucks and trailers and their associated aftermarket parts. With all manner of incentives on offer, it will ensure we all keep spending and investing in capital equipment.

Despite the rolling lockdowns and border closures that are driving us all mad, the industry just keeps getting it done somehow. Supply chains both locally and overseas are however completely overwhelmed in all sorts of ways and this is unfortunately resulting in longer lead times and pricing pressures. I know and appreciate that this is not what you want to be reading but I am also sure that this is not really new news to anyone.

So what are we at PACCAR doing about it? Well this is when being a global OE manufacturer and aftermarket leader really does provide us with the best tools and leverage to be able to get to the front of the queue with suppliers and ensure that our customers are first in line. If PACCAR Parts does not have it, nobody will!

And now that commitment extends well beyond just truck parts. We fully appreciate that offering a comprehensive range of trailer parts are also just as critical to maintaining customer UPTIME. So this month we launch our Trailer Parts Catalogue Volume 1 which covers Trailer Axles, Slack Adjusters, S-Cams and Braking. All the top suppliers have contributed greatly to this and I want to thank them all.

But it does not end there. Our trailer range is so huge we need three more volumes to cover the whole product range! Look out for these during 2022. But for now, call into any PACCAR dealer today to get your hands on a copy of Vol 1. It will soon become the new trailer parts bible for every workshop.

Who knows what is next to challenge us as an industry as we all try to navigate the external noise and volatility? But I want all our customers to remember our very simple, no fuss TRP® slogan of **TRUSTED, RELIABLE, PROVEN**. PACCAR Parts and the PACCAR Dealer Network will always be here to support you. Thank you sincerely for your business.

September 2021

Damian Smethurst

OIL TANKS

**AUS
MADE**

IMAGE FOR ILLUSTRATION PURPOSES ONLY

The TRP® Oil Tank range is a comprehensive range providing an excellent alternative option to OE parts in the aftermarket and are a perfect choice for new hydraulic system installations. Suitable for most brands of truck in the Australian market, Round, Square & Rectangular tanks are available making them suitable for brands such as Isuzu, Mack, Kenworth, Fuso, Hino, Mercedes and Volvo.

Fuel and combined Fuel/Oil tanks are also available. To find the right tank for your truck, refer to the Fuel & Oil Tank Product Guide or speak to your dealer today!

To find the right tank for your type of truck, refer to the Fuel & Oil Tank Product Guide or speak to your dealer today!
