For DAF, safety is a priority. The DAF truck model range comes with a comprehensive suite of passive and active systems that provide the highest levels of safety for drivers and other road users. DAF Genuine Bull Bars have been engineered to fully integrate with the existing safety systems, fully compatible with Automatic Emergency Braking (AEB) and the drivers air bag. DAF Genuine Bull Bars are ADR compliant with front underrun protection ADR 84 and lighting ADR 13.

The seamless and unique design incorporates features, such as: forward lighting protection, OE tow point access, integrated tie-down tow hitch, stainless number plate trim and exclusive DAF branding.

Radiator Assembly

Engine fan working overtime?
Coolant residue visible where it shouldn't be?

Don't wait until summer, now is the time to consider if your radiator is due for replacement.

Choosing a genuine radiator assembly means you are getting the same quality components and workmanship as when your Kenworth first left the factory. Beyond just a core replacement, a radiator assembly allows for faster removal and replacement, reducing labour costs and improving vehicle uptime.

Great prices across our radiator assemblies coupled with improved uptime for your truck or fleet certainly is a compelling reason to talk to your PACCAR Dealer about opting for a Radiator Assembly over a basic core replacement.

Available for Kenworth models:
T359/T409/T609/T659/T909/T950/K200

**OVER 80 VARIATIONS OF RADIATOR ASSEMBLY
NOW REDUCED TO ONE PRICE OF**
