Membership gives you Privileges with PACCAR Parts

As they say, membership has its privileges, and this is no different for customers of PACCAR Parts and TRP stores.

The Privileges Plus program is designed to help customers make significant savings when they sign up to become a member. PACCAR Parts has a proud history of supplying high-quality replacement truck parts through its trusted network of 59 dealerships across Australia. Their dealer network supplies parts for all models of Kenworth, DAF and mainstream European and US drivelines, including PACCAR's exclusive range of genuine parts and the TRP all-makes product line.

The program provides exclusive discounts on products including some of the most frequently replaced parts for trucks, trailers and popular accessories. These offers are advertised in the PACCAR Parts and TRP bi-monthly catalogues, so if you are an owner-driver or manage a fleet of trucks and subscribed to the catalogues, the benefits could amount to significant savings over the course of the year.

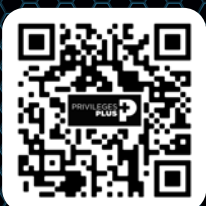

"We've been running this program for over a decade now, and with a new customer portal, customers will not only receive the latest offers via email, but they can also log onto the platform and see the offers and most importantly, see the savings they have made over time.
