Please Note: information is accurate as at September 2023.
Specification and imagery are indicative and should only be used as a guide. Vehicle and accessory specification, features, colour and trim may differ at the time of vehicle delivery.

A man in a light blue shirt and jeans is jumping joyfully in the air, holding a large blue monkey plush toy. He is in the center of the frame. The background is a night fair with various stalls. To the left is a pink stall with 'FAIRY FLOSS' and 'FA FLO' signs. To the right is a large stall with 'LAUGHING CLOWN' signs and many colorful stuffed animals. String lights are visible in the background.

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly reimagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Legendary strength

With over 40 years of hard-working heritage, HiLux has built a legendary reputation. It's the trusted partner for those who want to get the job done, then be equally ready when it's time to play.

Today, HiLux is even tougher plus it's loaded with the latest technology. Every feature has undergone rigorous durability testing to ensure it's equally at home in the outback or the city, including suspension specially tuned to meet the demands of Australian conditions.

HiLux Rogue has a tougher appearance with striking new exterior features and a wider stance for superior handling.

It has been specifically developed and tested here in Australia with years of local experience.

Inspired by the Dakar Rally HiLux, the muscular design of the First-Ever HiLux GR Sport is both powerful and functional, with unique features that enhance its on and off-road performance, including increased power and torque.

From the WorkMate all the way through to GR Sport, every HiLux has been designed and built to meet Toyota's highest standards. This makes them as tough as the Australian Outback, yet superbly refined to accommodate any family adventure or social occasion.

With such unbreakable spirit, the HiLux range has never been stronger.

Built for action

On the road, off-road, on the job or wherever you steer your HiLux, you can be confident it'll be up to the task with an inspired range of well-considered features and innovations. Hard-wearing floormats are standard, including carpet mats in Rogue and all-weather floor mats in GR Sport, providing handy protection to help keep the interior looking clean. In the SR, SR5, Rogue and GR Sport, the air-conditioned cooler box (not available on WorkMate) will help keep your

favourite refreshments and snacks fresh to enjoy after work or on the school run.

Plus, you'll find multiple conveniently placed spaces including bottle and cupholders as well as consoles to safely stash the essentials. Front dual-zone climate control on SR5, Rogue and GR Sport will maintain the temperature at the ideal level for maximum comfort.

Relax, everything's in place to make every day great with HiLux. Once the sun goes down, the auto-dimming interior mirror on Rogue automatically adjusts for night driving conditions.

When it comes to shouldering the load, all HiLux 4x4 models have up to 3,500kg braked towing capacity and 4x2 HiLux diesel up to 2,800kg braked towing capacity.³

Equipped for work and play

The robust exterior features of HiLux are finely balanced by the latest technology and advanced creature comforts that create the perfect interior in which to work, travel and play.

You can jump in and get moving with the hands-free convenience of smart entry and start system on SR5, Rogue and GR Sport.

The 8" colour touchscreen display provides seamless connectivity using Apple CarPlay®⁴ and Android Auto™.⁴ (speak to your dealer about device compatibility). Enjoy 9-speaker JBL®⁵ sound for Rogue and GR Sport, 6-speaker sound on SR and SR5 (Double-Cab only) and two speakers on WorkMate. Other handy features include Bluetooth®⁵ connectivity, enhanced voice recognition and the reversing camera (available on Pick-Up models only).

Satellite navigation with SUNA™.⁵ traffic updates and Digital Radio is standard on SR5, Rogue and GR Sport. The 4.2" Multi-Information Display provides essential driving support information right where you need to see it. This includes front wheel turn angle and also gap alerts from the front and rear sonar parking on SR5 (Pick-Up models only), Rogue and GR Sport.⁶

On cooler days, you'll appreciate the warmth of heated front seats in Rogue and GR Sport, and as an option on SR5 (4x4 Double-Cab models only).

Find your perfect space to work and play inside HiLux.

Powerful performers

After over 40 years navigating harsh Australian terrain, cutting edge design and expert engineering, outstanding performance is integral to the HiLux DNA and helps deliver the strength and reliability you need when the going gets tough.

The 2.8L turbo diesel powers the SR, SR5 and Rogue and produces 150kW of highly responsive power. It also produces an impressive 500Nm of torque with the 6-speed automatic transmission and 420Nm with the 6-speed manual transmission. Featuring the latest powertrain thinking and technology, it can also achieve fuel efficiency of 7.5L/100km⁷ on the 4x2 SR Double-Cab manual.

WorkMate is available in a choice of either 2.7L petrol or 2.4L turbo diesel power. The petrol engine delivers 122kW of power with 245Nm of torque with fuel efficiency of 10.7L/100km⁷ achieved on the 4x2 WorkMate Double-Cab 5-speed manual. The turbo diesel produces 110kW of power with 400Nm of torque and can achieve a fuel efficiency of 7.4L/100km⁷ on 4x2 WorkMate Double-Cab 6-speed manual.

Plus, the drive mode select (on selected grades) allows you to choose the optimum performance setting for the conditions, with ECO Mode for reduced power consumption, and Power Mode for sharper acceleration response and a more agile drive.

To help provide added driver confidence and improved handling, Rogue stands taller and wider. With a track width increase of +140mm and front and rear height increased +20mm, its bulked-up presence is matched with larger 17" front disc brakes and specially tuned suspension.

Unmistakably bold

The bold, cutting-edge exterior lines of HiLux create a truly powerful yet contemporary statement of strength, whether you're on the worksite or out on the road.

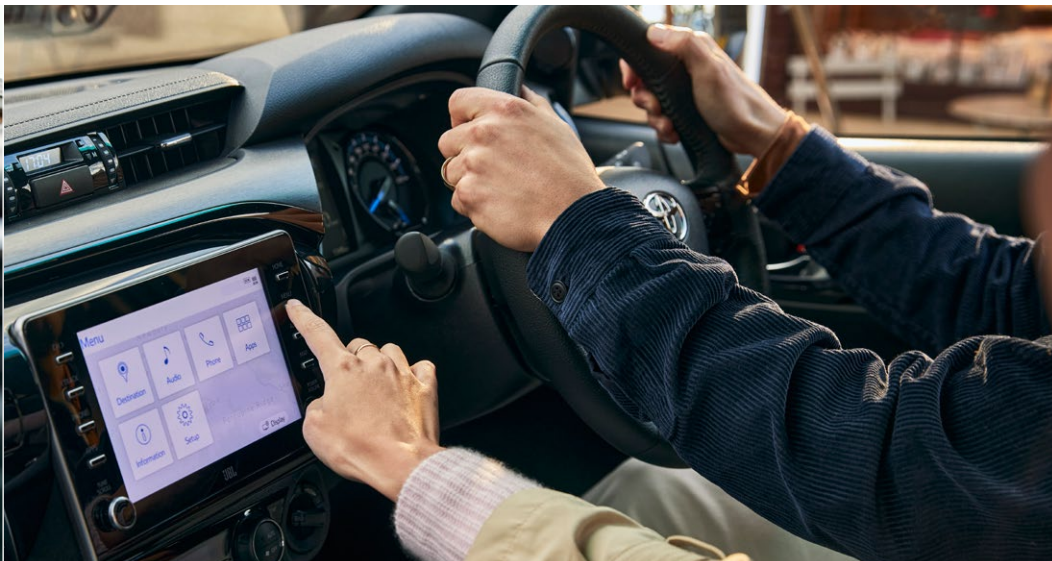

The angular styling with extended wheel arches featured on all HiLux wide-body styles (applicable to certain variants only) creates 33 different configurations across the range, so you can find your perfect match.

Up front, the trapezoid grille and well-defined halogen headlamps on WorkMate and SR rise to LED headlamps, foglamps and distinctive taillamps on SR5 and Rogue. The privacy glass on every HiLux SR5 and Rogue also provides that extra touch of practical refinement.

The Motorised Roller Cover with resin sailplane sports bar on Rogue provides water and dust resistance in most situations to help keep your tools and gear secure and clean. It's built tough with smart operation functions including anti-

pinching, anti-tamper and adjustable aperture. The LED lighting clearly illuminates the cargo space, plus you'll find an integrated 12V socket located in the rear tub. The tailgate can also open independently of the cover then centrally lock again.

With the proven combination of on-road comfort and work hardened capability, HiLux delivers the ultimate in style, strength and choice to suit your needs.

4x4 Rogue Double-Cab Pick-Up in Oxide Bronze¹ shown

Introducing GR Sport

With its powerful stance, completely new front styling and unique G-Mesh grille with 'TOYOTA' lettering, there's no mistaking the First-Ever HiLux GR Sport for anything else.

Muscular styling combines a functional design with emotional appeal, making the GR Sport the most accomplished HiLux yet. With unique wheel arch extensions and a tough new front bumper design, the GR Sport directly references the successful Toyota GAZOO Racing Dakar HiLux.

Gloss-black exterior details and weight-optimised alloy wheels are highlighted by red brake calipers with GR logos, and on three select colours¹⁷ (Glacier White, Frosted White and Feverish Red), can be complemented by a gloss-black roof finish to emphasise the performance focus of the HiLux GR Sport.

Its black interior is enhanced by red accents, with unique red seatbelts and a red centre mark on the GR Sport leather accented wrapped steering wheel. Combined with paddles shifters, aluminium pedals, heated sports front seats with leather appointed and suede upholstery, and a unique start-up screen featuring the GR logo, every driver will know that this range-topping HiLux is special.

The HiLux GR Sport gets its own GR-branded key fob for the Smart Entry and Smart Start system, as well as a five-piece moulded tub liner for the rear tray with an anti-slip floor and a GR-branded headboard.

4x4 GR Sport Double-Cab Pick-Up in Feverish Red with black roof¹ shown

Unmistakable heritage

• • • • •

Taking inspiration from the GAZOO Racing Dakar HiLux, the First-Ever HiLux GR Sport is more than just a head-turning styling makeover. It offers uprated engine outputs, uniquely tuned suspension and functional styling improvements for superior performance.

The HiLux GR Sport lives up to its name by offering a 10 percent increase in power and torque. Its 2.8L 4-cylinder turbo diesel engine delivers 165kW and 550Nm for stronger acceleration, and the 6-speed automatic transmission has been optimised for faster gearshift speeds and sportier performance.

Utilising the knowledge gained through Toyota's motorsports activities, the GR Sport features aerodynamic enhancements including a tough new front bumper design that incorporates unique

'air curtains' to direct air around the front wheels and reduce turbulence in high-speed conditions.

This design also applies to the GR Sport powder-coated alloy skid plate, heavy-duty 'rock rails' that protect the lower sill area from underbody damage, and a newly equipped tow bar that increases rear frame rigidity.

The HiLux GR Sport combines this built-in toughness with a fun-to-drive nature. Further enhancing its wide-track stance and 265mm of ground clearance¹⁶ is a completely unique suspension tune. The result is an intuitive and confident cornering stance, and outstanding control.

4x4 GR Sport Double-Cab Pick-Up in Feverish Red with black roof¹ shown

Strong, smart and safe.

• • • • •

Travelling in HiLux means you'll also enjoy the reassuring sense of protection that comes from a range of advanced safety features.

The impact absorbing body is designed and built to reduce impact in a collision and the high tensile steel provides greater upper and underbody strength. The steering and suspension have also been tuned to local conditions to improve the overall ride comfort and handling when taking on rough roads and bumpy trails.

There are seven SRS airbags fitted as standard that help provide a protective barrier around the interior space. On Double-Cab models, you'll find ISOFIX anchors for two child restraints in the rear seat including two top tether anchors.

On the road, Blind Spot Monitor⁶ (available on Double-Cab Pick-Up SR5, Rogue and GR Sport) provides a visual alert to vehicles you may not see, and when you're reversing out of a parking spot into traffic, you'll have Rear Cross Traffic Alert⁶ to assist you.

When engaged, drive start control can automatically help suppress the impact of sudden acceleration. Should cross winds, road conditions or steering actions cause a trailer to begin to sway, Trailer Sway Control⁶ is designed to help to bring movement under control.

On SR 4x4 Double-Cab automatic and SR5 4x4, Downhill Assist Control⁶ helps to prevent excessive speed and provide greater control on downhill slopes when activated.

Plus, you'll have the added help of Toyota Safety Sense⁶ fitted as standard on every HiLux across the range.

Toyota Safety Sense

Toyota
Safety
Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense⁶ (TSS). A suite of active safety features designed to help protect us all through helping to support safe driving.

HiLux features TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit toyota.com.au for vehicle and specification information.

Pre-Collision Safety system with pedestrian and daytime cyclist detection

Pre-Collision Safety⁶ (PCS) system with pedestrian and daytime cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS system is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the daytime. The PCS system includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable automatic braking to help mitigate impact.

Active Cruise Control (high speed)

Active Cruise Control⁶ is designed to help keep a constant distance between vehicles. It uses a millimeter wave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.

Lane Departure Alert

Lane Departure Alert⁶ is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane.

Road Sign Assist (speed signs only)

Road Sign Assist⁶ was developed to help recognise certain road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.

Toyota Connected Services⁸

12 months complimentary access⁸

Driving should be easy, enjoyable and safe. That's why inside every connected Toyota you'll find a suite of advanced features focused on safety and convenience for a better driving experience, all seamlessly integrated into the myToyota Connect app.⁸

Learn more, and discover the Toyota Connected Services on your vehicle by visiting toyota.com.au/connected

For Toyota Connected Service Packages see toyota.com.au/connected/plans-packages

Test drive the app now, no Toyota required:

Safety and Security

People and property are precious. Toyota Connected Services' advanced features are designed to help protect them all. In emergencies, you can utilise push-button SOS Emergency Call^{9,10} (SOS). It contacts Toyota Emergency Assistance directly, guiding services to your location. In the event of a collision, Automatic Collision Notification^{9,11} (ACN) is designed to activate, calling you directly in-car, and if you are unresponsive, dispatching emergency services to that location. Should your car be reported stolen, Stolen Vehicle Tracking^{9,12} (SVT) can utilise tracking vehicle technology via our Stolen Vehicle Assistance Call Centre to help locate your car and call police.

Remote Connect

Control vehicle functionality, even when you're not in the driver's seat. Our Connected features enable you to remotely start your engine (up to 10 mins prior), lock and unlock doors (not including rear tailgate) and activate hazards remotely. Perfect for flagging emergencies.

Driver Insights

The myToyota Connect app gives you a complete view across your entire drive. Review recent trips and, with Drive Pulse Score,¹³ understand how braking and cornering can be improved to help maintain your car. The features let you run quick checks on odometer, fuel levels and distance to empty¹⁴ to aid journey planning. You can also spot unlocked doors or open windows away from your car using the in-app Vehicle Status features, and set up alerts. A Vehicle Locator also helps you find where you last parked, and our Glove Box feature opens access to digital warranty and manuals for you.

Multimedia Connect

Toyota's interconnected Multimedia platform includes Connected Navigation which provides current parking availability, traffic, weather and fuel prices for your journey. Through "Hey Toyota" Voice Assist, control vehicle features including navigation, audio and climate settings. With Connected Trip Start and Finish features you can plan routes, search a point of interest and send it to your car. When driving and not reaching your endpoint, the app notes the full route when you park, allowing you to continue navigation on foot with your phone or device.

Unlock it all

.....

When you join the Toyota family, you get so much more than a new car feeling. You unlock a whole range of benefits to keep you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au/owners

Toyota Genuine Accessories²

Developed alongside the vehicle, this unique advantage allows Toyota to design accessories, so they integrate harmoniously with the vehicle structure and safety systems. For more information, visit toyota.com.au/accessories

Toyota Service Advantage²¹

We'll keep the cost of your standard logbook service at a capped price for up to your first 3 or 5 years on the road, depending on the vehicle model. To find out your low capped service price, visit toyota.com.au/owners/service/service-pricing-calculator

Toyota Genuine Insurance²²

With Toyota Genuine Insurance you're not alone. Over 350,000* Toyota owners have made the same choice because they know their Toyota's in safe hands. For more information, visit toyotainsurance.com.au

Toyota Access

Offering flexible finance options, lower monthly repayments²³ and a Guaranteed Future Value,²⁴ a Toyota Access Loan means you can drive the Toyota you want today, knowing the future is taken care of. When your loan ends, you have options to trade, keep or return your vehicle. For more information, visit toyota.com.au/toyota-access

Toyota Certified Pre-Owned Vehicles

Enjoy the reassurance that comes with a Toyota Certified Pre-Owned Vehicle. Including an additional 1-year Toyota-backed warranty,²⁵ full-service history and 90-point inspection by Toyota Technicians. For more information, visit toyota.com.au/certified

Toyota Warranty Advantage²⁶

Stick to your service schedule, and we'll extend your engine and driveline warranty from five to seven years, so you can drive stress-free for longer. For more information, visit toyota.com.au/owners/warranty

Features subject to change. Please drive safely.
- 9 Driver assist feature only. Not a substitute for safe driving practices. Dependent on operational related components and other factors outside Toyota's control which can limit ability or functionality of system. Check your Owner's Manual for explanation of limitations. Please drive safely.
- 10 SOS – Only operates if vehicle's SOS button is pressed and vehicle ignition is on.
- 11 ACN – Only activates if vehicle's DCM detects airbag deployment or impact sensor notification.
- 12 SVT – Owner/driver required to obtain Police report. Dependent on sufficient battery power. Vehicle location information, if available, only provided to Police. Vehicle recovery not guaranteed.
- 13 Recent trips and drive pulse process may take up to 48 hours to appear in the myToyota Connect app. Drive Pulse measures harsh cornering, fast acceleration and harsh braking, and provides drive pulse score based on these factors. Not to be used as general driver performance measure. For more details, see toyota.com.au/connected/driving-insights/recent-trips-drive-pulse
- 14 This distance is approximate only and may vary due to driver behaviour, vehicle load, vehicle usage and traffic conditions. Please drive responsibly.
- 15 Paint colour not available on extra cab variants.
- 16 Dimensions are approximate and are subject to individual vehicle variances, accessory fitment and weight carried.
- 17 Toyota Australia reserves the right to vary or discontinue the current interior and exterior colours, trims and colour/ trim/model combinations. Colours and trims displayed are a guide only and may vary from actual colours due to printing/display process. See your Toyota Dealer to confirm availability when ordering your vehicle.
- 18 Toyota Genuine Parts/Accessories purchased at and fitted to a Toyota vehicle by a Toyota dealer are warranted for the remainder of that vehicle's Toyota Warranty Advantage period, or 2yrs from installation (whichever is greater). Genuine Parts/Accessories purchased from, but not fitted by, a Toyota dealer are warranted for 2yrs from date of purchase. See toyota.com.au for T&Cs. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law
- 19 Use of recovery points has safety risks which must be assessed and managed before every recovery operation. Incorrect use of the recovery points may result in death, serious injury or vehicle damage. Always follow warnings and instructions provided on the vehicle and in the Owner's Manual.
- 20 HiLux SR5 models come fitted with a tow bar receiver as standard.
- 21 Standard scheduled logbook services only. T&Cs apply. Visit toyota.com.au/advantage
- 22 Terms and conditions apply. This advice is general in nature and does not take into account your objectives, financial situation or needs. Before making a decision to purchase any of the insurance products you should consider the appropriateness of the advice taking into account your own objectives, financial situation and needs and refer to the current PDS and Target Market Determination for the relevant product available from participating Dealers, via our website at toyotainsurance.com.au or by calling 137 200. Toyota Car Insurance purchased in a dealership or via the Toyota Insurance National Customer Solutions Centre is facilitated by Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536 as agent for, and on behalf of, the insurer. The insurer of Toyota Car Insurance is Aioi Nissay Dowa Insurance Company Australia Pty Ltd ABN 11 132 524 282, AFSL 443540 (Adica). If Toyota Car Insurance is purchased online, the issuer and insurer is Adica. *This figure represents the total number of Toyota vehicles that have been insured by Toyota Insurance as at November 2021.
- 23 Lower monthly repayments compared to a similar term with no Guaranteed Future Value (GFV) or equivalent balloon final payment. Total interest charges will be higher if a GFV or balloon final payment is selected.
- 24 Guaranteed Future Value (GFV) is the minimum value of your new or approved demonstrator Toyota at the end of your finance contract, as determined by Toyota Finance subject to fair wear and tear and agreed kilometres being met. Ask your dealers for more information. Approved applicants only. T&Cs apply. Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.
- 25 Applicable to pre-owned vehicles purchased as a Toyota Certified Pre-Owned (TCPO) vehicle on or after 01/01/2022. TCPO 2022 Warranty expires 1 year after sale, or 1 year after the current New Vehicle Warranty expires (if applicable), or 10 years from date of registration in original owner's name, or at 160,000kms (whichever occurs first). TCPO Warranty does not apply to vehicles used for commercial purpose (eg taxi or rideshare). See toyota.com.au/tcpowarranty for T&Cs. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law.
- 26 The Toyota Warranty Advantage Extended Engine and Driveline coverage is for 7 years from delivery, provided your vehicle is properly serviced and maintained per its Warranty and Service Book. Excludes vehicles used for a commercial purpose, such as taxis, hire vehicles and vehicles transporting people or goods for payment including rideshare. See toyota.com.au/owners/warranty for details. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law.
