

MACK® METRO-LINER

# LOW TARE WORKHORSE

## MACK® METRO-LINER

A low tare workhorse, available in 6x4, 8x4 and 10x4 configurations, the Metro-Liner is designed for light construction, local and regional distribution tasks. Set it to task as a concrete agitator, agile tipper, or manoeuvrable tanker and it will deliver.

**BORN READY.**

# MACK® METRO-LINER

## KEY FEATURES

Perfect for the following applications: agitator, rigid tipper, mine service, tanker, hooklift and more

Flexible driveline options

Optimum wheel cut and low bonnet height for excellent visibility and easier manoeuvrability with competitive kerb to kerb turning circle

Range of axle configurations to suit multiple applications

“Road Stability Advantage” rollover prevention

Great fuel economy and low emissions

Quiet and comfortable cab

Built in Australia for Australian conditions

## Comfortable Interiors

The Mack Metro-Liner comes with new levels of driver comfort and functionality, to keep drivers comfortable and safe all day. Tilt/telescoping steering column, air suspension driver seat and all controls within reach keep drivers in control.

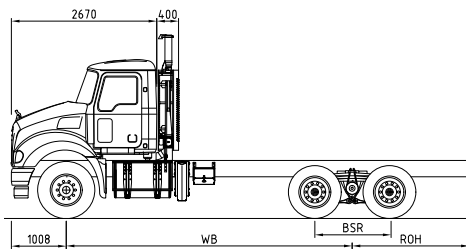

## Total Support

Mack Genuine Parts are as tough as your truck. With premium materials and precision engineering, they're built to take whatever the road can throw at them. Mack Total Support gives you the added confidence of warranties, servicing and maintenance from the people who made your machine.
