MIGHTY

## Hyundai new truck warranty policy and period.

### 5 Year / 200,000 KM warranty.

Hyundai trucks are manufactured using high quality materials and progressive engineering technology in conjunction with advanced quality control techniques.

Hyundai provides a five year, two hundred thousand kilometre warranty\* against defects arising in materials or manufacture for MIGHTY EV models.

Consumers will have rights and remedies in addition to the warranty provided in this booklet. This warranty should not be read as excluding, restricting or modifying the rights and remedies of consumers under statute, such as the Competition and Consumer Act 2010.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

For the period of sixty months, or two hundred thousand kilometres, following the date of first registration or delivery of the vehicle to the original retail owner (whichever comes first), Hyundai warrants that the vehicle originally manufactured shall be free from defects arising in workmanship or materials of the mechanical and electrical components of the vehicle subject to the conditions outlined under "Warranty exclusions".

The warranty periods indicate that a vehicle warranty is valid until expiry of the stated period commencing from the date the vehicle was first registered (or delivery to the original retail owner), or the date upon which the vehicle travels the stated kilometres (whichever occurs first).
