

PROTEKTIV

HYDRO

THERE'S NOTHING ELSE LIKE IT VEHICLE PROTECTION BRILLIANCE AT ITS BEST. UNMATCHED.

+ MIRROR-FINISH SUPER GLOSS

Protektiv HYDRO surface coating is manufactured with Silicon Carbide (SiC) Ceramic and Silica Dioxide (SiO₂). Combined, this provides the additional 'hardness and gloss' forming a ceramic clear coat finish with glass manufacturing properties.

+ DURABILITY TESTED TO LAST A LIFETIME*

The Silicon Carbide (SiC) base gives the highest gloss and hydrophobic properties to help repel anything that gets thrown at it. This coating is a once-off application, eliminating the need to wax or polish your vehicle.

+ PROVEN & GLOBALLY CERTIFIED

Protektiv HYDRO is rated 4 times harder than quartz-based surface protection products readily available in today's market. This enables us to provide a lifetime warranty* against the environmental elements; so you can experience a lifetime of performance.

+ ENHANCED ALL-ROUND PROTECTION

With Protektiv HYDRO, your vehicle's protected against damage caused by: weather induced oxidisation, fading and loss of gloss, bird and bat droppings, tree sap, bug splatter, bore water, sunscreen, water marks, clear coat delamination, rail dust and fallen leaves.

* Warranty terms, conditions & exclusions apply.

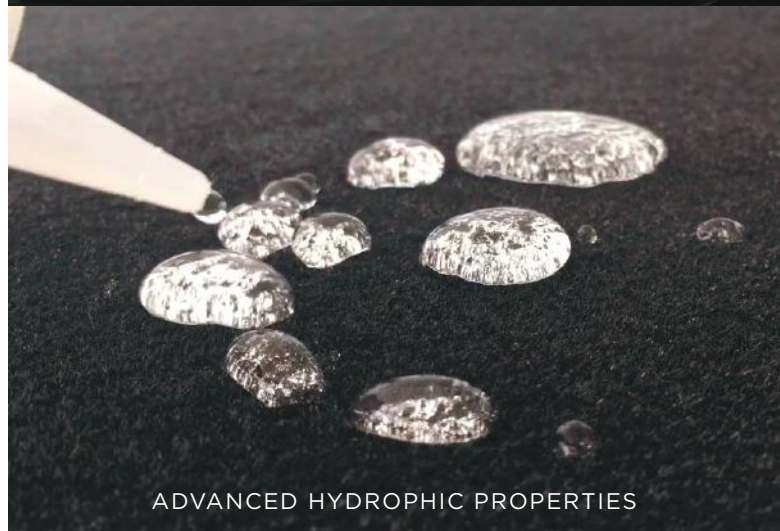

+ PAINT SURFACE COATING

- Extreme durability, hardness and a permanent super gloss finish.
- Reduces vehicle maintenance and saves you time cleaning your car.
- Tested, proven and globally certified to the stringent standards set out for Boeing compatible products.
- Hydrophobic properties to help repel anything that gets thrown at it.
- Refractive index greater than diamonds meaning improved levels of gloss & shine.
- Extreme resistance to heat (UV tolerance); very high melting point.
- Outstanding thermal shock resistance (when exposed to temperature changes will not fracture or become brittle).
- Resistant to acids and alkalis offering superior protection against environmental contaminants.
- National Lifetime Warranty*.

+ INTERIOR PROTECTION

- Maximises stain resistance and durability across all interior surfaces.
- Prevents permanent staining of the treated surface from sunscreen, make-up, water, coffee, soda, milk, baby formula and other commonly consumed food and liquids.
- Protects from the damaging effects of UV.
- Key ingredient is Fluoropolymer, which is a Teflon-like coating that provides a non-stick surface.
- Unique formula contains a powerful anti-bacterial agent, Bactishield which protects against bacteria, mould and mildew.
- Leather coating contains lanolin to soften and preserve the natural beauty of a leather interior.
- Preserves colour and prevents cracking & splitting of leather & vinyl surfaces.
- National Lifetime Warranty*.
