ELECTRONICS

WHO WE ARE

AutoXtreme are a national service provider of vehicle electronics with Sales, Marketing, Warehousing and Installation divisions.

WHAT WE DO

Delivering a dedicated service to vehicle dealership customers, fleet operators and corporate organisations, whilst focusing on the supply and installation of the very latest and innovative quality vehicle electronics. It's what we do best.

OUR TEAM

Our people come from different disciplines, and bring different skills, however we do have a common goal in being the best at what we do, striving for excellence across every department in AutoXtreme. Now one of Australia's largest service providers of supplying and installing vehicle electronics, AutoXtreme is across research and development, warehousing, supplying, installation, administration, sales and marketing. Our team is highly trained, motivated and we take pride in offering the very best business practise in our respective areas of responsibility.

Anderson Plug

The Anderson plug provides a safe and stable 12 volt connection to your accessories needing constant current delivered to it. This will apply to many trailer and caravan accessories.

WHY CHOOSE US

Experience.

15 years experience in a highly competitive market has taught us that failing to provide best business practice, professional installation standards, and back-up technical support is a huge risk.

Customised service.

At AutoXtreme we spend the time to work out a solution to suit the specific needs of your company. From customised manufacturing of product in small or large quantities, to customising an entire cabin of a fleet of trucks, we work together to provide unique results to specific situations.

Warranty.

We provide an unrivalled national warranty program, with over 60 technicians servicing in all major capital cities and regional areas, matching car manufacturer vehicle warranty periods and in some cases exceeding these, giving greater peace of mind for the customer.

Training.

We subscribe to the notion that both internal training of our own staff and clients is essential to maximise high levels of customer service, exceed product expectations and deliver a profitable result.

Exclusivity.

Our business model enables us to offer exclusive products coupled with innovative ideas, mixed with a degree of flexibility to enable inclusion in the range of popular brands to meet market demands and protect profits.

Consistency.

Exceeding our customers' expectations every single time.
