THE ALLIANCE HEAVY DUTY DAMPER CLUTCH ASSEMBLY.

These Torque Performance clutches are built and designed specifically for the Australian market and include an HDD (heavy duty damper) design that provides a very strong clutch in the industry.

FEATURES AND BENEFITS:

- Clutch kit includes a spline saver design used to increase the strength and circumference of the input shaft
- Snap ring on the spline saver allows for an easy and even installation of clutch discs
- The HDD design is used in Alliance 2050, 2250 and 3000Lb.Ft. torque rated clutches
- All HD Alliance clutches include a clutch brake and clutch brake washer
