

Camry

Please Note: information is accurate as at June 2024.

Specification and imagery are indicative and should only be used as a guide. Vehicle and accessory specification, features, colour and trim may differ at the time of vehicle delivery. Toyota Australia has paused order-taking for the Camry Hybrid as a customer-focused measure, due to supply and demand factors that have resulted in extended wait times for customers. For more information please click [here](#).

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly reimagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Join the revolution

Fresh, bold and different. Camry, Australia's favourite mid-size sedan, is designed, engineered and built to prove that everyday excellence can be truly exciting.

Beneath its dynamically balanced and athletic exterior lines, you'll find Camry is underpinned by Toyota's advanced New Global Architecture (TNGA), delivering heightened levels of comfort

and driving performance. This universal design excellence is matched with the intelligence of the latest technology and safety features, including Toyota Connected Services¹ (TCS) to help keep you connected and provide assistance in the case of an emergency.

Once within the luxurious interior, you'll quickly discover why Camry is elevating the

expectation of what modern comfort should be.

Under the sculptured bonnet you can experience the latest generation Toyota Hybrid Electric System that delivers an impressive 160kW of combined power on all grades.

The shape of brilliance

Sleek and seductive, the eye-catching exterior of Camry seamlessly blends brilliance into beauty. Centred upon Toyota's acclaimed New Global Architecture (TNGA), Camry is designed to not only heighten the senses, but also deliver a total driving experience.

As well as being aerodynamically efficient, the low, angular bonnet line is designed to

provide clear visibility for the driver. Its broad on-road stance and dynamic grille express strength and stability that flows effortlessly into the tapered rear bumper and extended rear combination lamps.

More than elegant, the stylish lines of Camry's lightweight body hide a highly rigid frame that's paired with double wishbone rear suspension to

deliver responsive handling and precise steering.

Sitting beneath the distinctive wheel arches, stylish 17" alloy wheels are fitted as standard, rising to 18" alloys on SL, and 19" on SX grades. Plus the glass panoramic roof on SL variants opens yet another dimension of luxury and pure driving pleasure.

Pure comfort and connection

• • • • •

Step aboard, and you'll quickly appreciate the ergonomic comfort, effortless style and intelligence of Camry.

Enter and start Camry while the key remains in your pocket or bag with the smart entry and start system on Ascent Hybrid, Ascent Sport, SX and SL.

Every Camry features Toyota Connected Services¹ (TCS) with myToyota Connect¹ app access. TCS uses a built-in SIM and sensors to help keep you connected in the case of an emergency, with the peace of mind of Stolen Vehicle Tracking^{3,4} (SVT), the added security of Automatic Collision Notification^{3,5} (ACN), and a one-push SOS Emergency Call.^{3,6}

The superb sound in Camry SL is thanks to the 9-speaker audio system along with a 9" colour touchscreen display with seamless connectivity to Apple CarPlay^{®7,8} and Android Auto^{™7,9} (speak to your Dealer about device compatibility). It also includes Bluetooth^{®10} connectivity, voice recognition and USB¹¹ inputs as well as satellite navigation and SUNA^{™12} traffic channel updates.

The 7" colour Multi Information Display (MID) on Ascent Sport, SX and SL provides real-time trip, road and vehicle data information including fuel consumption, audio settings and vehicle monitoring data. The 4.2" MID on Ascent also displays a selection of essential trip, vehicle and audio detail, all with fingertip control.

The Head-Up Display (HUD) on Camry SL projects driving information and important warnings onto the bottom of the windshield.

On all grades, the single touch Electronic Park Brake adds an extra level of convenience, and when backing into spaces the reversing camera¹³ helps provide a clear view of what's behind.

Whatever the weather outside, the air conditioning will maintain perfect comfort inside Camry through dual-zone automatic climate control for Ascent, Ascent Sport, SX and SL.

- A Paddle shift controls – SX and SL only
- B Smart start engine button – all Camry grades
- C 9" colour touchscreen display – available in Ascent Sport, SX and SL. SL grade shown
- D Dual-zone automatic climate control – all Camry grades
- E 60/40 split fold seats

The power to thrill

The sporty Camry SX is a refined thoroughbred developed purely for those seeking to elevate their driving experience.

From the prominently flared front end with side fins, to the powerful rear spoiler tipped tail, this is every part a performance machine designed and engineered to thrill.

Its sports tuned suspension provides livelier handling and is paired with 19" alloy wheels that feature V combination spokes with accentuated edges and a dark finished surface, all this is rounded off with premium Dunlop®¹⁴ SP Sport tyres.

The 2.5L VVT-iE Toyota Hybrid Electric System produces 160kW of highly responsive power to deliver sporty performance through the Continuously Variable Transmission (Auto CVT), making it seriously fun to drive.

The Camry SX is further enhanced with a honeycomb mesh grille to complement its athletic stance. The dynamic design cues continue inside with red or black leather accented sports seats that are sculptured to provide extra support and comfort.

Camry SX. Ready to excite, when you are.

Sophisticated strength

The Camry revolution puts the power into your hands. With advanced Toyota Hybrid Technology, you'll be sure to find the right strength to match your sophistication.

The 2.5L 4-cylinder Hybrid engine is available on all Camry grades and features reimagined hybrid power and efficiency. It seamlessly matches the response of a Dual VVT-i (Variable Valve Timing with intelligence) petrol engine and Toyota Hybrid System technology to deliver an impressive 160kW of combined power with enhanced fuel economy of 4.7 L/100km (combined fuel consumption for Hybrid models).¹⁵

Safety by design

Safety sits at the very heart of the Camry DNA.

It starts with a body structure specifically designed to improve protection for everyone inside. The driver and passengers are surrounded by the safety of seven SRS airbags fitted as standard.

On steep slopes, Hill-start Assist Control¹³ (HAC) can help you to start moving forward safely, while Vehicle Stability Control¹³ (VSC) is designed to counteract any over or under steer when cornering on slippery surfaces.

When parking or manoeuvring in tight places, the front and rear clearance sensors on Ascent Sport, SX and SL help guide you with an audio alert. On the open road, Dynamic Radar Cruise Control with Road Side Assist¹³ (RSA) is fitted on all grades and helps maintain a constant distance from the vehicle in front, as well as helping maintain the correct speed in accordance with the speed limit displayed on road side signs.

In Ascent Sport, SX and SL, Blind Spot Monitor¹³ (BSM) uses radar to detect vehicles in blind spots and issue a warning through an indicator in the outer rear view mirror. When backing up, Rear Cross Traffic Alert¹³ (RCTA) uses the same sensors to detect vehicles approaching from either side and issues an audio and visual alert for the driver.

The added benefits of Toyota Safety Sense¹³ actively assist the driver to help avoid accidents and reduce damage in the unlikely event of a collision.

Toyota Safety Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense¹³ (TSS). A suite of active safety features designed to protect us all through helping support safe driving.

Camry features the TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Camry Active Safety features differ by grade, please visit toyota.com.au for vehicle and specification information.

Pre-Collision Safety (PCS) system with pedestrian and daytime cyclist detection

Pre-Collision Safety system with pedestrian and daytime cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the day time. PCS includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable automatic braking to help mitigate impact.¹³

Dynamic Radar Cruise Control with Road Sign Assist (speed signs only)

Dynamic Radar Cruise Control with Road Sign Assist is designed to help keep a constant distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance. It also has the added benefit of helping maintain the correct speed in accordance with the speed limit displayed on road side signs.¹³

Lane Departure Alert with steering assist

Lane Departure Alert with steering assist is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed, to help you stay in your lane.¹³

Automatic High Beam

Using a camera to sense either approaching headlights or the tail lights ahead, Automatic High Beam is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.¹³

Toyota Connected Services¹

• • • • •

Up to 3 years complimentary access

Driving should be easy, enjoyable and safe. That's why inside every connected Toyota you'll find a suite of advanced features focused on safety, convenience and a better driving experience.

To learn more, please visit toyota.com.au/connected

myToyota Connect

In a world driven by information, the myToyota Connect app allows you to seamlessly integrate your smartphone with Toyota Connected Services. You can receive diagnostic details including the odometer and fuel level, as well as access to your Owner's Manual. You can also see travel details,² such as time and distance on the road plus the last known location and parking spot.¹

Automatic Collision Notification^{3,5} (ACN)

Every second counts when assistance is needed the most. Should an airbag deploy or a severe collision be detected by the impact sensors, Toyota Automatic Collision Notification (ACN) is designed to automatically connect with our 24/7 Toyota Emergency Assistance call centre. If you're unable to communicate or respond, we'll immediately contact emergency services and direct them to your vehicle's location.

Stolen Vehicle Tracking^{3,4} (SVT)

Should the unthinkable unfortunately occur, you'll have the peace of mind of knowing Toyota Stolen Vehicle Tracking (SVT) is designed to help find your missing vehicle. After filing a stolen vehicle report to the police, and providing your VIN and police report number to a Toyota Stolen Vehicle Assistance agent, the agent will validate your SVT subscription and initiate tracking. They can then provide updates to the police to assist with the potential recovery of your vehicle.

SOS Emergency Call^{3,6}

If the situation ever arises where you require urgent assistance, it's comforting to know help can be available at the touch of a button. In the event of a genuine emergency, you can speak directly to a Toyota Emergency Assistance agent, 24/7, simply by pressing the dedicated SOS button in your vehicle. If required, they can direct emergency services to your vehicle's location.

Camry Ascent

- 2.5L VVT-iE petrol engine with Toyota Hybrid Electric System
- 17" alloy wheels
- Bi-Beam LED auto-levelling headlamps, LED tail lamps and Daytime Running Lamps (DRLs)
- Electronic Park Brake
- Driver's seat power adjustable lumbar support

- G Scuff guard
- H Dash camera
- I Parking sensors¹³ – rear
- J Tow bar, tow ball and trailer wiring harness¹⁹ – sold separately

Unlock it all

.....

When you join the Toyota family, you get so much more than a new car feeling. You unlock a whole range of benefits to keep you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au/owners

Toyota Genuine Accessories²⁰

Developed alongside the vehicle, this unique advantage allows Toyota to design accessories, so they integrate harmoniously with the vehicle structure and safety systems. For more information, visit toyota.com.au/accessories

Toyota Service Advantage²¹

We'll keep the cost of your standard logbook service at a capped price for up to your first 3 or 5 years on the road, depending on the vehicle model. To find out your low capped service price, visit toyota.com.au/owners/service/service-pricing-calculator

Toyota Genuine Insurance²²

With Toyota Genuine Insurance you're not alone. Over 350,000* Toyota owners have made the same choice because they know their Toyota's in safe hands. For more information, visit toyotainsurance.com.au

Toyota Access

Offering flexible finance options, lower monthly repayments²³ and a Guaranteed Future Value,²⁴ a Toyota Access Loan means you can drive the Toyota you want today, knowing the future is taken care of. When your loan ends, you have options to trade, keep or return your vehicle. For more information, visit toyota.com.au/toyota-access

Toyota Certified Pre-Owned Vehicles

Enjoy the reassurance that comes with a Toyota Certified Pre-Owned Vehicle. Including an additional 1-year Toyota-backed warranty,²⁵ full-service history and 90-point inspection by Toyota Technicians. For more information, visit toyota.com.au/certified

Toyota Warranty Advantage²⁶

Stick to your service schedule, and we'll extend your engine and driveline warranty from five to seven years, so you can drive stress-free for longer. For more information, visit toyota.com.au/owners/warranty

Disclaimers and Notice

- 1 Complimentary period ends 1 or 3 years (depending on vehicle model) from delivery date. Fees may apply thereafter.
See toyota.com.au/connected/driving-insights/recent-trips-drive-pulse
- 2 Recent trips and drive pulse process may take up to 48 hours to appear in the myToyota Connect App. For more details, see toyota.com.au/connected/driving-insights/recent-trips-drive-pulse
- 3 Driver assist feature only. Not a substitute for safe driving practices. Dependent on operational related components and other factors outside Toyota's control which can limit ability or functionality of system. Check your Owner's Manual for explanation of limitations. Please drive safely.
- 4 SVT – Owner/driver required to obtain Police report. Dependent on sufficient battery power. Vehicle location information, if available, only provided to Police. Vehicle recovery not guaranteed.
- 5 ACN – Only activates if vehicle's DCM detects airbag deployment or impact sensor notification.
- 6 SOS – Only operates if vehicle's SOS button is pressed and vehicle ignition is on.
- 7 Requires compatible device, USB connection, mobile data, network reception and GPS signal. Mobile usage at user's cost. Apps subject to change. For details see toyota.com.au/connected
- 8 CarPlay® is a trademark of Apple, Inc. registered in the U.S. and other countries.

Toyota Australia reserves the right to change and/or discontinue, without notice, prices, colours, materials, equipment and specifications. To the extent permitted by law, Toyota Australia will not be liable for any damage or loss incurred from relying on the information and images contained in this material.
- 19 Towing capacity subject to regulatory requirements, tow bar and vehicle design and towing equipment limitations. Ask your Dealer for Toyota Genuine tow bar capacity and availability details.
- 20 See your Dealer for Toyota Genuine Accessory suitability and fitment, and Owner's Manual for GVM limit. Colours may vary from actual. Visit toyota.com.au/vehiclepayload
- 21 Standard scheduled logbook services only. T&Cs apply. Visit toyota.com.au/advantage
- 22 Terms and conditions apply. This advice is general in nature and does not take into account your objectives, financial situation or needs. Before making a decision to purchase any of the insurance products you should consider the appropriateness of the advice taking into account your own objectives, financial situation and needs and refer to the current PDS and Target Market Determination for the relevant product available from participating Dealers, via our website at toyotainsurance.com.au or by calling 137 200. Toyota Car Insurance purchased in a dealership or via the Toyota Insurance National Customer Solutions Centre is facilitated by Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536 as agent for, and on behalf of, the insurer. The insurer of Toyota Car Insurance is Aioi Nissay Dowa Insurance Company Australia Pty Ltd ABN 11 132 524 282, AFSL 443540 (Adica). If Toyota Car Insurance is purchased online, the issuer and insurer is Adica. *This figure

represents the total number of Toyota vehicles that have been insured by Toyota Insurance as at November 2021.

- 23 Lower monthly repayments compared to a similar term with no Guaranteed Future Value (GFV) or equivalent balloon final payment. Total interest charges will be higher if a GFV or balloon final payment is selected.
- 24 Guaranteed Future Value (GFV) is the minimum value of your new or approved demonstrator Toyota at the end of your finance contract, as determined by Toyota Finance subject to fair wear and tear and agreed kilometres being met. Ask your Dealers for more information. Approved applicants only. T&Cs apply. Toyota Finance Australia Limited ABN 48 002 435 181, AFSL and Australian Credit Licence 392536.
- 25 Applicable to pre-owned vehicles purchased as a Toyota Certified Pre-Owned (TCPO) vehicle on or after 01/01/2022. TCPO 2022 Warranty expires 1 year after sale, or 1 year after the current New Vehicle Warranty expires (if applicable), or 10 years from date of registration in original owner's name, or at 160,000kms (whichever occurs first). TCPO Warranty does not apply to vehicles used for commercial purpose (eg taxis or rideshare). See toyota.com.au/tcpowarranty for T&Cs. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law.
- 26 The Toyota Warranty Advantage Extended Engine and Driveline coverage is for 7 years from delivery, provided your vehicle is properly serviced and maintained per its Warranty and Service Book. Excludes vehicles used for a commercial purpose, such as taxis, hire vehicles and vehicles transporting people or goods for payment including rideshare. See toyota.com.au/owners/warranty for details. This warranty does not limit and may not necessarily exceed your rights under the Australian Consumer Law.
