

PacLease
Repair and
Maintenance

Service Plan Inclusions For Your Business

A PacLease Repair and Maintenance Agreement will give you the confidence your Kenworth or DAF truck will stay in optimal condition. Our agreements are designed to increase vehicle utilisation and protect your truck from unexpected downtime events.

Our extensive dealer network provides convenient service where and when you need it, nationwide. At PacLease, authorised Kenworth and DAF technicians maintain your fleet, using state of the art diagnostic equipment and tooling and only genuine parts. You can rest assured your truck is in safe hands. Plus, in the event where necessary repairs require extended time in the workshop, PacLease operates a truck rental fleet to assure your products get delivered on-time, every time.

Agreements that suit your needs

STANDARD	ADVANCED	PREMIUM
Added assurance of knowing all scheduled preventative maintenance is taken care of by us.	All the benefits of our Standard program, plus the added safety in knowing all driveline repairs are also covered.	All inclusions in our Advanced program plus the guarantee of full truck repairs for enhanced fleet utilisation.

At PacLease, we also understand that we may not be able to provide the cover you need with one of our standard agreements. This is why we also offer tailored maintenance programs to meet your specific needs.

Talk to your PacLease salesperson today to design your own maintenance agreement.
