

Yaris

Please Note: information is accurate as at October 2023.

Specification and imagery are indicative and should only be used as a guide. Vehicle and accessory specification, features, colour and trim may differ at the time of vehicle delivery.

A woman with curly hair, wearing a short, sleeveless, sequined dress, is captured mid-jump in a modern, high-rise apartment at night. She is smiling and has her arms raised. The room features large floor-to-ceiling windows that look out onto a city skyline with illuminated buildings. The interior is furnished with contemporary decor, including a low coffee table, a long dark sofa, and two armchairs with fur-like cushions. The lighting is warm and ambient, highlighting the woman and the interior design.

OH WHAT A FEELING

You'll feel it with every drive. In every twist and every turn. It's our unwavering commitment to move you, not only today, but well into tomorrow as we relentlessly reimagine the future of mobility.

With our eyes on the horizon, we're committed to creating a future where all of humankind is empowered with the freedom to move.

Go boldly into the future

Now completely redesigned throughout, Yaris advances the everyday capabilities of compact mobility. As exciting to drive as it is to admire, Yaris is just as adept at turning heads as it is darting about city streets.

The bold styling is based upon the progressive Toyota New Global Architecture (TNGA) platform to help ensure greater body rigidity as well as eye-catching individuality. You can further personalise Yaris ZR with high-contrast two-tone colour combinations. More than good looking,

every Yaris is also packed with the latest technology and advanced safety features.

Plus, in a significant step for a vehicle of this size, you can choose to power your Yaris SX or ZR with the efficiency of the next generation Toyota Hybrid System.

Shaped to impress

One look and you know Yaris is ready for action. Its free flowing shape and flared fenders promote greater airflow efficiency as well as making a bold statement in style. The compact shape, low centre of gravity and assured roadholding help ensure easier handling and help deliver a truly enjoyable driving experience.

Up front, the distinctive T-shape grille and aggressively styled LED headlamps, or Halogen headlamps on Ascent Sport, work together to create a fearless expression. The three dimensional styling of the integrated rear window and LED tail lamps are the epitome of contemporary design and help ensure Yaris always stands out from the crowd.

Born to perform

Yaris packs some serious punch for its size. Its bold exterior is complemented by equally impressive engine performance to help provide a spirited yet environmentally conscious drive.

The 1.5 litre 3 cylinder VVT-i petrol engine (model pictured) is built smaller and lighter, featuring the latest technology to achieve outstanding fuel efficiency¹ of 4.9L/100km (combined fuel consumption for Petrol models). It also produces an impressive 88kW of power and 145Nm of torque to deliver a lively driving experience.

In a first for its class, Yaris SX and ZR grades are also available with the next generation Toyota Hybrid System that offers exceptional fuel efficiency² of 3.3L/100km (combined fuel consumption for Hybrid models) and a choice of hybrid driving modes based on driving conditions. Electric Vehicle mode for quiet running, ECO for everyday driving with enhanced fuel efficiency and POWER to enjoy a more responsive drive.

The petrol and hybrid engines are linked to a Continuously Variable Transmission (Auto CVT) that helps produce outstanding response as well as enhanced acceleration and fuel efficiency.

Smart space to move

The dynamic Yaris interior features a gently arcing dashboard that flows effortlessly from side to side. Metallic ornamentation (SX only) and sophisticated soft touch finishes create an instantly welcoming atmosphere to help bring the joy of driving to life.

All functional controls and the unique door handles are deliberately shaped to provide the ultimate in ergonomic practicality. Purposely clutter-free, everything is designed to create a more spacious and contemporary space, including increased room between the front seats

and deeper, more accommodating legroom. Convenient storage spaces including device, cup and water bottle holders are placed within easy reach, while the flexible two-tier luggage space can quickly be increased by folding down the 60:40 split rear seat.

Connect with your world

The technology in Yaris leads the way with advanced connectivity and intuitive innovations.

The 7" touchscreen display features Apple CarPlay®³ and Android Auto™⁴ that allow you to experience seamless connectivity including access to Siri®³ Eyes Free and Google Now™⁴ voice commands with compatible smartphones. It also includes the latest Toyota AM/FM/Digital Radio⁵ (DAB+) as well as other handy features including Bluetooth®⁶ connectivity, enhanced voice recognition and reversing camera. Plus you'll find a convenient USB⁷ port and 12V DC power supply in the central panel.

On Yaris SX and ZR models, satellite navigation⁸ with SUNA™⁹ traffic channel will help guide you smoothly to your destination.

The 4.2" TFT Multi Information Display (MID) provides key driving information right where you need it. SX and ZR models are fitted with dual digital meters and on Yaris ZR these are complemented with a Head-Up Display (HUD).

On the open road, Dynamic Radar Cruise Control¹⁰ (DRCC) uses sensors to maintain a constant distance from the vehicle in front.

Leading the way in safety

The sheer enjoyment of driving a Yaris comes with the added confidence of knowing you're surrounded by advanced safety features and technology to help keep you safe, today and into the future.

Apart from an impact absorbing body structure to help disperse impact away from the driver and passengers, there are eight SRS airbags to help protect you. The Anti-lock Braking System (ABS) helps prevent wheel lock-up and skipping, while Vehicle Stability Control (VSC) helps counteract oversteer or understeer when cornering. Traction Control (TRC)

automatically controls engine output or applies the brakes to any wheel that's skidding on slippery surfaces or where there's variable grip. Emergency Brake Signal (EBS) alerts trailing vehicles if you're forced to make a sudden stop.¹⁰

Plus, you'll have the added benefits of the latest Toyota Safety Sense (TSS) technologies: Lane Trace Assist, Pre-Collision Safety System with pedestrian and daylight cyclist detection, Road Sign Assist, Intersection Turn Assist, Lane Departure Alert and Automatic High Beam.¹⁰

Toyota Safety Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense¹⁰ (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

Yaris features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Yaris TSS features differ by grade, please visit toyota.com.au for vehicle and specification information.

Lane Trace Assist

When driving on highways and freeways, Lane Trace Assist uses a camera to detect lane markings when cruise control is active. It is designed to alert you and provide steering assistance to help avoid drifting, and keep you centred in your lane.¹⁰

Pre-Collision Safety (PCS) system with pedestrian and daylight cyclist detection

Pre-Collision Safety (PCS) system with pedestrian and daylight cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the daytime. PCS includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable automatic braking to help mitigate impact.¹⁰

The Toyota Safety Sense logo, featuring the text "Toyota Safety Sense" in white on a black hexagonal background, which is set against a larger background of overlapping blue and yellow triangles.

Toyota
Safety
Sense

Road Sign Assist

Road Sign Assist was developed to help recognise certain road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.¹⁰

Intersection Turn Assist

Intersection Turn Assist helps prevent accidents at intersections by detecting oncoming cars and pedestrians crossing the street when the vehicle is turning.¹⁰

Lane Departure Alert with steering assist

Lane Departure Alert with steering assist is designed to help prevent vehicles drifting from their lane by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional steering force if needed to help you stay in your lane.¹⁰

Active Cruise Control

Active Cruise Control is designed to help keep a constant distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.¹⁰

Yaris Ascent Sport

60/40 split fold rear seats

7" colour touchscreen display

- 1.5L 3-cylinder in-line VVT-iW petrol engine – Direct shift Continuously Variable Transmission (Auto CVT)
- 15" steel wheels with wheel cap
- 4.2" vertical Multi Information Display with analog meters
- Reversing camera with guidelines
- Audio system with 6 speakers and USB⁷ input
- Apple CarPlay^{®3} and Android Auto^{™,4}
- 7" colour touchscreen display with Bluetooth^{®,6} voice recognition and Siri^{®3} Eyes Free
- 8 SRS airbags
- LED Daytime Running Lamps
- Automatic electronically retractable door mirrors
- Fabric seats
- Toyota Safety Sense¹⁰ – including Intersection Turn Assistance, Lane Departure Alert, Lane Trace Assist, Pre-Collision Safety system with pedestrian and daylight cyclist detection, Road Sign Assist (speed signs only), Automatic High Beam and Active Cruise Control

Unlock it all

When you join the Toyota family, you get so much more than a new car feeling. You unlock a whole range of benefits to keep you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au/owners

Toyota Genuine Accessories¹³

Developed alongside the vehicle, this unique advantage allows Toyota to design accessories, so they integrate harmoniously with the vehicle structure and safety systems. For more information, visit toyota.com.au/accessories

Toyota Service Advantage¹⁴

We'll keep the cost of your standard logbook service at a capped price for up to your first 3 or 5 years on the road, depending on the vehicle model. To find out your low capped service price, visit toyota.com.au/owners/service/service-pricing-calculator

Toyota Genuine Insurance¹⁵

With Toyota Genuine Insurance you're not alone. Over 350,000* Toyota owners have made the same choice because they know their Toyota's in safe hands. For more information, visit toyotainsurance.com.au

Toyota Access

Offering flexible finance options, lower monthly repayments¹⁶ and a Guaranteed Future Value,¹⁷ a Toyota Access Loan means you can drive the Toyota you want today, knowing the future is taken care of. When your loan ends, you have options to trade, keep or return your vehicle. For more information, visit toyota.com.au/toyota-access

Toyota Certified Pre-Owned Vehicles

Enjoy the reassurance that comes with a Toyota Certified Pre-Owned Vehicle. Including an additional 1-year Toyota-backed warranty,¹⁸ full-service history and 90-point inspection by Toyota Technicians. For more information, visit toyota.com.au/certified

Toyota Warranty Advantage¹⁹

Stick to your service schedule, and we'll extend your engine and driveline warranty from five to seven years, so you can drive stress-free for longer. For more information, visit toyota.com.au/owners/warranty
